

Child Safety: Reporting Obligations

Statement

At St. Thomas' Primary School all children have a right to feel safe. The school provides an environment in which they can receive appropriate assistance and response regarding their personal safety. St. Thomas' school monitors student wellbeing and implements processes that are consistent with the Child Safe Standards (Ministerial order 870). St. Thomas' school ensures that all forms of suspected child abuse are reported appropriately and timely when a reasonable belief has been formed that child abuse has or could occur.

Definitions

Implementation

Every person involved in Catholic education has a responsibility to understand the important and specific role he/she plays individually and collectively to ensure that the wellbeing and safety of all children and young people is at the forefront of all they do and every decision they make (Catholic Education Commission of Victoria Ltd 2016).

Providing a Safe Environment

- Staff are required to provide a safe environment (any environment in which a school activity is being conducted) at all times. This includes creating a culture in which students can approach staff with any concerns regarding safety.
- The curriculum includes developing student knowledge, skills and capabilities in identifying and reporting safety issues (see also Learning and Teaching Policy).
- When staff are concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. A reasonable belief is not the same as having proof but is more than speculation or rumour (refer to *PROTECT Identifying and Responding to All Forms of Abuse in Victorian Schools*).

Mandatory Reporting (all teachers and principals)

- All Victorian Institute Teaching (VIT) registered teachers (including principals) and staff that have been granted permission to teach by the VIT are mandated by law to report signs of child abuse.
- Sexual abuse (including grooming) must be reported to the Victorian Police and other forms of abuse reported to the Department Human Services (DHS). This contact should be made as soon as possible once a reasonable belief has been formed.
- St. Thomas' School follows the procedures for responding to and reporting incidents of abuse outlined PROTECT Identifying and Responding to All Forms of Abuse in Victorian Schools
- Failure to report suspected child sexual abuse is a criminal offence

Reporting Sexual Abuse (all adults)

- All adults (teachers, non teaching staff and community) must report suspected child sexual abuse including grooming to police if a reasonable belief has been formed.
- Staff will be reminded of mandatory responsibilities annually and participate in an annual (DET) Mandatory Reporting eLearning Module each year to support their understanding in this area.
- New staff will be informed of mandatory reporting responsibilities and procedures as part of induction.
- Staff members do not have to inform the Principal of their concerns before reporting the incident.
- Parents/carers will be reminded annually of their obligations in school newsletter and parent handbook.
- Students 18 years or older will be reminded of their obligations through targeted information sessions.
- If the allegation is made against a member of the clergy, religious or school staff, police are notified as well as the Bishop of Ballarat and the Director of Catholic Education. The principal is informed when it is a staff member (other than the principal).
- Failure to report suspected child sexual abuse including grooming is a criminal offence

Non-teaching staff – reporting child abuse

- Sexual abuse including grooming is reported to police.
- Failure to report suspected child sexual abuse including grooming is a criminal offence
- Other forms of abuse must be reported to the child's teacher and/or principal.
- Any form of abuse in which an allegation is made against a member of the clergy or religious or a school staff including the principal, volunteer, visitor or external provider member including the principal, police are notified first. Then notify the principal (if not the suspected source of the abuse) and the Director of Catholic Education.

Allegations Against Clergy or Religious or School Staff Member (all staff, volunteers, external providers, school community)

- If the allegation of any form of child abuse is made against a member of the clergy or religious or a school staff including the principal, volunteer, visitor or external provider member, police are notified first. Then notify the principal (if not the suspected source of the abuse) and the Director of Catholic Education.
- Do not inform or interview the suspected person

Student Disclosure

- Students who disclose any form of abuse must be provided appropriate assistance and is reported to the police if sexual abuse and other abuse issues to the Department of Human Services. The school does not conduct an investigation as it can contaminate evidence.
- Students, who disclose to staff a desire to harm themselves or others, must be reported by staff to the principal who will take the appropriate action.
- Refer to PROTECT Identifying and Responding to All Forms of Abuse in Victorian Schools

Student Offenders

- Student sexual offending refers to sexual behaviour that is led by a student 10 years and over which may amount to a sexual offence.
- A sexual offence includes rape, sexual assault, indecent acts and other unwanted sexualised touching, all of which are offences under the Crimes Act 1958.
- Additionally under Victorian Law:
 - children between 12-15 can only consent to sexual activity with a peer no more than two years their senior (therefore sexual contact led by a student with a child outside of these age parameters may amount to student sexual offending).
 - in order for a person to consent to sexual activity they have to have the capacity to understand the context and possible consequences of the act (therefore sexual contact led by a student involving a person with a cognitive impairment or affected by alcohol and other drugs may also amount to student sexual offending)
- Refer to resource Identifying and Responding to Student Offending (and Template) available at <http://www.education.vic.gov.au/school/principals/spag/safety/Pages/sexualassault.aspx>
- Refer to the resource Four Critical Actions: Identifying and Responding to all Forms of Child Abuse in Victorian Schools which provides procedures to follow. This resource is available at DET <http://www.education.vic.gov.au/about/programs/health/protect/Pages/stusexoffdefine.aspx>

- It is important to seek further advice if you are unsure whether behavior, or suspected behaviour constitutes student sexual offending, and/or whether it is indicative of any underlying abuse.

Documentation and Follow Up

- All reports, information sheets and subsequent discussions and information are to be recorded and remain strictly confidential.
- All incidents to be monitored, and any subsequent signs or indications of abuse are also to be reported.
- Refer to PROTECT Identifying and Responding to All Forms of Abuse in Victorian Schools regarding follow up of police or Department of Human Services. These are the procedures to be followed at all times at St. Thomas' School
